<u>Date of Final Determination</u>	<u>Detainee Name</u>	<u>Detainee ISN</u>
26 MAR 2020	Khalid Ahmed Qasim	242

The Periodic Review Board, by consensus, determined that continued law of war detention of the detainee remains necessary to protect against a continuing significant threat to the security of the United States.

In making this determination, the Board considered the detainee's significant derogatory information regarding past involvement in activities in Afghanistan to include basic and advanced training from Al Qaeda at Al Farouq.

The Board's inability to assess the detainee's current threat level due to his continued refusal to answer questions regarding pre-detention activities and motivations. Additionally, the detainee's susceptibility to reengage due to his inability to manage his emotions and actions, the detainee's high level of significant non-compliance in the past year, and the detainee's lack of plans for the future if transferred.

The Board encourages the detainee to reconsider discussing pre-detention motivations and activities to assist the board in assessing his current threat level. The Board encourages the detainee to improve his compliance as he did in late 2017/early 2018 and find more productive methods of expression. The Board encourages the detainee to participate fully in the PRB process to include meeting with his PR consistently, assisting in preparing materials for the next file review and making plans for a productive future if transferred.
